Tomazou Furnishings

Tomazou Furnishings has been creating personal and professional places over 45 years tailored completely to customers needs. A great record of “be-spoke” projects for hotels, restaurants, shops and nursing house has been developed all these years. The design and production is carried out in a modern factory in Dali Industrial Estate. Our craftsmanship, technology and the best materials we use, allow us to secure the highest standards and commit our selves in high quality, consistency and personal service. We are fully aware of all the BS and FR requirements for operating in the global furniture market. Every time we undertake a new project we call upon tried and tested values to create furniture to meet the most rigorous and functional standards of our customer’s needs. The interplay between craftsmanship and technology is redefined to meet the highest standards of quality, delivery dates and customer’s satisfaction. Cabinets, kitchenettes, fixtures, upholstery all provided for the successful completion of a “turn-key” solution project.

Why choose Tomazou furnishings?

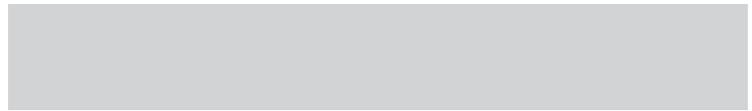

- excellent relation of value and price
